

Optional Mounting Brackets Available For Trailer Scale Kits.

Frame Rail-type Bracket
Part: 010-0018-000

Shielded, Van-type Bracket
Part: 010-0062-000

Air-Weigh 5802 Series of Trailer Scale modules are molded aluminum enclosures with IP65 sealing for environmental protection. They may be flush-mounted when a 2.25" hole is provided for the connection access.

They may also be mounted from a bottom rail or on a frame rail when mounted with one of the brackets as listed above. Fastener hardware is included in the mounting bracket kits.

For more information, contact Air-Weigh Sales at 888-459-3444.
